

DH18DBL/JP 18V SDS-Plus Hammer Drill with Brushless Motor

- Impact energy 2.6 Joules
- 26mm drilling capacity in concrete
- Hitachi's efficient brushless motor works approx. 50% more than our conventional brushed DC motor per battery charge
- Reactive Force Control (RFC) system reduces risk of injury from tool overload
- Constant speed control
- Over current protection
- 3 mode action: rotary drilling, hammer drilling or chiseling
- Built-in LED light
- Remaining battery indicator
